Galician German Descendants Database

We were recently informed of some updates to the resources that are kept by the Galizien German Descendants organization. We are pleased

beneficial to your research. Their database has birth, marriage, death, and residence information for hundreds of individuals in the former Austrian Crownland of Galicia. John Kaminski, the webmaster of the organization, has provided us with details and an updated list of villages that are in their database.

They also have a newsletter that may be of interest to those of you who have ancestors from this area. If you'd like to learn more, click the button below to read more about their collection on our website.

IN CASE YOU MISSED IT...

This blog post was posted by IAJGS, another great genealogical organization that promotes Jewish genealogical research. The blog contains information about how to find your relatives who were lost in the Holocaust. Click [here](#) to read the article and visit their website.

Thank you for your ongoing support and participation in FEEFHS. Your passion for Eastern European genealogy strengthens our community and inspires everything we do. We look forward to learning, researching, and connecting together in the months ahead.
